

Egg & Manure Belt Welders

- Durable – Durable for harsh & demanding environments
 - Easy to Use
 - Lightweight & Ergonomic - under 6lbs, less than half the weight of other systems
 - Portable
- Protected – contained in military grade Pelican™ case

Rugged & Reliable

- Crushproof Case – internal shock absorption prevents premature component wear and keep electronics safe from accidental drops
- Corrosive Airborne Particulates – cannot enter system
- Properly Controlled Welds – take less than two seconds
- Regulated to Interrupt Power – if system has run too long
 - Recognizes Errors Automatically – takes action to prevent damage
